How can you help at home?

- Try to use the correct terminology if helping with grammar homework.
- If you're not sure ask in school.
- Encourage children to enjoy writing and to play around with sentences when they write (which sounds best? Let's move the adverb...does it sound better at the start or at the end? Let's put the end of your sentence at the start...does that give the writing a different effect?)
- Encourage children to read and to read as writers.
